# Choose the Accommodation that suits your needs and pocketbook . . .

## MANITOBA'S STAR RATING SYSTEM WILL GUIDE YOU

In Manitoba you will find a wide variety of accommodation, ranging from "deluxe" with the latest in modern conveniences and service, to clean, comfortable accommodation for families which want to see as much and go as far as they can on a low budget.

To help the visitor to know, at a glance, what to expect in quality of accommodation and range of services offered, the Manitoba Government annually inspects, licenses and grades all motels, tourist camps, trailer parks and hunting and fishing lodges (not hotels) according to the following star ratings: 5 Star—(Deluxe), 4 Star, 3 Star, 2 Star, 1 Star.

The Star Rating of each operation is shown opposite the listing in this booklet.

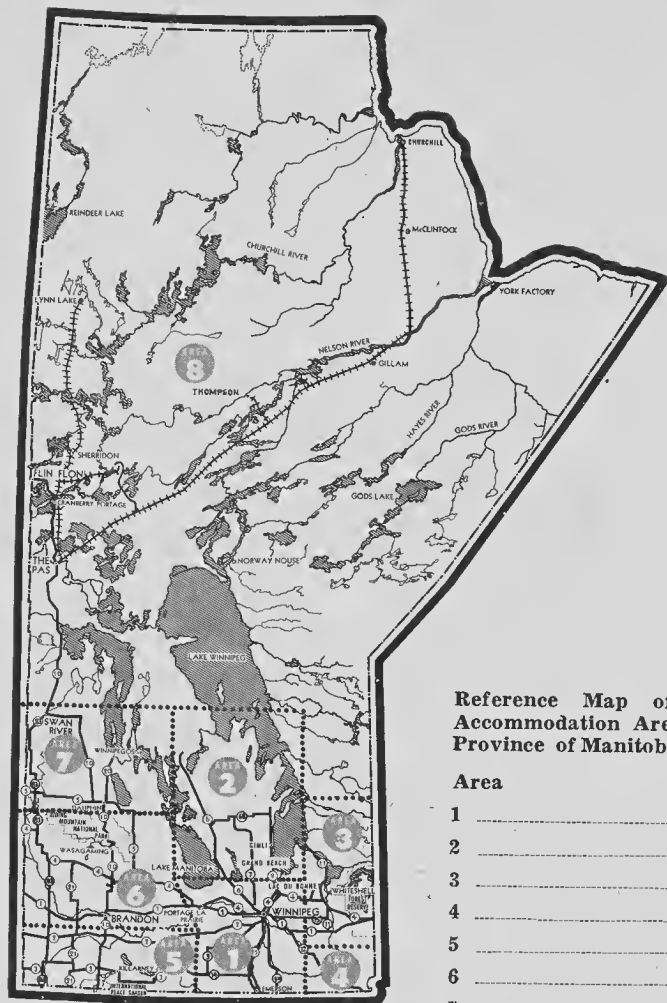

The facilities and services provided under the different ratings are as follows:

- ★★★★★Deluxe accommodation provides in each individual unit, complete comforts, furnishings and conveniences consistent with the highest standards required by Government regulations.
- ★★★★ Accommodation with full plumbing, with individual shower or bath in each unit, plus all high standard facilities necessary to provide guests with the recognized comforts of guest accommodation.
- ★★★ Accommodation need not have individual plumbing but must have modern central toilet and washroom facilities plus all other conveniences of a four star operation.
- ★★ Accommodation need not have modern facilities but must be equipped with adequate and sanitary outdoor-type toilets. Interior walls need not be finished. Must have power. Must have necessary conveniences.
- ★ Accommodation comes up to the minimum requirements. Need not have electricity or finished walls. Must have minimum comfort facilities.

# Travel Information and Suggestions

For information while in Winnipeg, phone WHitehall 6-7448 or WHitehall 6-7478.

This booklet contains information about accommodation for visitors to Manitoba, whether they be anglers, hunters, campers, hikers, or families looking for a place to relax and enjoy their holidays.

Visitors, after clearing Canadian Customs, may get first-hand information from Government-operated Tourist Information Centres. There is one on Manitoba Highway No. 75, north of U.S. Highway No. 81; and another on Manitoba Highway No. 10, north of North Dakota Highway No. 3. In Winnipeg, the Government Tourist Information Office is on the main floor of the Legislative Building. Large department stores, travel agents, railroads, air and bus lines also have information counters.

## U.S. VISITORS ENTERING MANITOBA:

Although U.S. citizens need no passports, certain personal papers may be helpful: birth certificates, letters of identification, etc. Naturalized citizens should carry naturalization certificate. These papers may be needed when the visitor re-enters the United States.

Clothes, toilet articles and other personal effects are admitted duty free. In addition the traveller may take into Canada—50 cigars, 200 cigarettes, two pounds of tobacco and 40 ounces of alcoholic beverages, duty free. Gifts except tobacco and alcoholic beverages, to friends in Canada are duty free if their value doesn't exceed \$10.

There is no duty on: fishing tackle, portable boats, canoes, outboard motors, tents, camping equipment, golf clubs; tennis racquets, radios, record players, musical instruments, cameras (both still and movie) and six rolls of film, guns and rifles (revolvers and pistols prohibited) and typewriters, **PROVIDED** these articles are the personal property of the tourist and will be used by him only. All articles must be identified and reported to Customs officers, when entering Canada and when leaving.

## DOGS AND PETS:

All dogs, other animals, or birds, brought into Canada for hunting purposes or as pets, are admitted without deposit. Dogs, however, must have rabies shot certificate (no older than six months) OR a certificate signed by an Inspector of the U.S. Agricultural Research Service stating the dog healthy, that it hasn't been exposed to rabies and that rabies has not occurred within 50 miles of where the dog was kept the last six months before coming to Canada.

## SERIAL NUMBERS:

While not required, a list of the serial numbers of your cameras, guns, outboard motors, typewriters, radios, record players, etc., will save you time at the border.

### **CONSUMABLE GOODS:**

The visitor may take into Canada duty free: one or two days food supply, gasoline and oil for 300 miles by car and 50 rounds of ammunition. Excess is subject to duty.

### **PINK CARD FOR AUTOMOBILES:**

Visitors travelling in Manitoba by car should carry a Manitoba "non-resident" Motor Vehicle Liability insurance Pink Card. Manitoba's Safety Responsibility Law exists for your protection from financially irresponsible drivers. It provides an "unsatisfied judgment" fund from which claims may be settled if you are in an accident and cannot collect. It's advisable to get a Manitoba, non-resident Pink Card from your own insurance agent before leaving home. If your agent doesn't have such cards, tell him to get some from: Superintendent of Insurance, Room 132, Legislative Building, Winnipeg 1, Manitoba, Canada.

Cars may be used in Canada, with your own state's plates, for six months without payment of any duty or fee. Motorcycles and bikes are under the same regulations. No separate permit is needed for trailers. A list of removable items in the trailer (radio, TV, appliances, etc.) will speed you through customs.

### **GASOLINE:**

When you fill your gas tank in Canada, remember the Canadian Imperial gallon is one-fifth larger than the U.S. gallon, so you need fewer gallons to fill'r up.

### **MONEY:**

The U.S. dollar is accepted in Canada, naturally, but its value in relation to the Canadian dollar varies from time to time (according to the rates on the International Currency Market). Tourists are advised to take their U.S. money to a Canadian bank and have it exchanged. This may save time and irritation when shopping.

### **FLYING VISITORS:**

If you come to Manitoba in a private aircraft, or if you want to make air connections between various points in Manitoba you should get a copy of the **Official Air Navigation Map**. The map also gives complete instructions for air travel in the province, admission, flight and landing procedures, weather services, airports, strips and lake landing facilities, scheduled and charter air lines. Map is free of charge from The Travel and Publicity Branch, Legislative Building, Winnipeg 1, Manitoba.

### **U.S. VISITORS ENTERING MANITOBA:**

It's your own responsibility to satisfy the U.S. Customs and Immigration that you are entitled to re-enter the U.S. They also decide what you may or may not bring back with you from Canada.

**If you have been in Canada less than 48 hours:** you may take back \$10 worth of merchandise duty and tax free for personal use. This must not include more than 50 cigarettes; 10 cigars; ½ pound of tobacco; 4 ounces of alcoholic beverages OR 4 ounces of alcoholic perfume. Family members are not allowed to pool the values of their purchases.

**If you have been in Canada more than 48 hours:** you may take back with you, every 31 days, \$200 worth of merchandise for personal use, duty and tax free. An additional exemption of \$300, making a total of \$500, duty and tax free, is allowed every six months if the visitor has been in Canada at least 12 days.

Under either exemption, **BUT NOT BOTH**, 100 cigars and 1 wine gallon of alcoholic beverages may be taken into the U.S. Family members in these cases are allowed to pool their purchase values. Remember, all articles bought in Canada must be declared to U.S. Customs.

**Re-entry to the United States can be simplified if you:**

1. List all your purchases before you reach the border.
2. Keep sales receipts and invoices handy.
3. Pack purchases separately to speed up inspection.

### **Gifts sent from Manitoba:**

Gifts (except alcoholic beverages, perfume with alcoholic content, and tobacco products) sent to a person in the United States are passed **duty free** provided the total value of such gifts received by a person on one day does not exceed \$10. Gift packages should be plainly marked "Gift" and value indicated. If you are in doubt about these or any other border crossing regulations, phone or write your nearest Customs office.

*Manitoba's Tourist Information Office is located inside the North entrance of Legislative Building, Winnipeg.*

## AREA 4

---

### NORTH WEST ANGLE FOREST RESERVE

---

*New exciting vacation land areas are constantly being opened to the tourist in Manitoba. In these areas small, little-known lakes, tucked away in dense poplar, pine or gleaming birch stands, offer summer relaxation in privacy. Such a place is the North West Angle Forest Reserve, where, in the quiet bays of beautiful MOOSE LAKE, one can swim languidly or loaf contentedly on white beaches. Moose Lake, in the southeast corner of Manitoba provides everything for happy family picnics, outings and pleasure-filled holidays. # Camp Sites and Roadside Parks

Manitoba's ideally located camping grounds, trailer parks, picnic sites and roadside parks are well-known by both Canadian and American outdoor families. The following listing contains information on both Government-operated and private, commercial camp sites. Permission is always needed for camping in Forest Reserves; it can be had from the attendant or the District Forester. A nominal fee is charged at some Government-operated camp sites, depending on services provided. Camping ground and trailer parking fees vary slightly throughout the province, and are subject to change.

# Colourful Manitoba Travel Films

## **ADVENTURE AT YOUR DOORSTEP—Color, sound, 15 mins.**

The audience is taken on a tour of Manitoba. The quiet fishing spots, the lake district around Killarney, the Peace Garden, Clear Lake, Duck Mountains, the historic Red River with its old forts, and the holiday paradise, the Whiteshell Forest Reserve.

## **THE MIGHTY ONES—Color, sound, 13 mins.**

The fierce battlers of icy-cold waters—northern pike! Join a fishing party leaving Cranberry Portage and stand by for action as the mighty ones in wilderness lakes fight every inch of the line.

## **MEET MANITOBA—Color, sound, 21 mins.**

The Whiteshell Forest Reserve, Lake Winnipeg, Clear Lake, unfold in a "Cook's Tour" which also includes excursions to Flin Flon, Minnedosa, Portage la Prairie and Churchill.

## **TO CATCH A FISH—Color, sound, 13 mins.**

Follow a husband and wife team on the Winnipeg River in the northern section of the Whiteshell Forest Reserve. Watch the thrilling action shots as fighting bass, walleye and northerns are netted in the heart of beautiful scenery.

## **INSIDE THE RIM OF ADVENTURE—Color, sound, 25 mins.**

Hollywood cameramen capture the charm of Manitoba in a film that covers the highlights of a summer vacation period. Fishing in Whiteshell, shopping in Winnipeg, the Flin Flon Trout Festival, vacationing at Clear Lake and the Scottish Games at Winnipeg are reviewed. (Not for TV use.)

## **HOW TO LIVE TO BE 100—Color, sound, 15 mins.**

A father, his son and partner enjoy a vacation in the Winnipeg River area of the Whiteshell. Battling game fish take the anglers into a region of breathtaking beauty. There are some excellent "shots" of fly-casting by experts.

## **BIG COUNTRY—BIG FISH—Color, sound, 13½ mins.**

The audience is taken into the fabulous Gods Lake, Gods River region of northeastern Manitoba, Brook trout, lake trout, northern pike and walleyed pike are seen hitting the lures. The scenery is rugged and magnificent.

## **WATERWAYS AND FLYWAYS OF THE NORTH—Color, sound, 18 mins.**

This is Manitoba north of the 53rd parallel in The Pas, Cranberry Portage, Bakers Narrows, Flin Flon areas—where fighting fish are big and plentiful in hundreds of lakes, and where thousands of ducks and geese congregate for their southern sweep down the Mississippi flyway.

## **MANITOBA TRAILS—Color, sound, 27 mins.**

Through the south and central parts of the province the trails of the explorers, buffalo hunters, and missionaries crossed the prairies — to become the highways of today. This is the story of a family's vacation trip over these historic and scenic routes.

# MANITOBA ASSOCIATION

**P.O. BOX 414**

The Manitoba Tourist Association, a private organization which works in close co-operation with the Manitoba Government, consists of owners and operators of most of Manitoba's best fishing and hunting lodges, motels, guest accommodation owners, and other business men interested in improving the province's facilities for visitors.

M.T.A. constantly strives to provide visitors with the most comfortable and up-to-date accommodation and plays an important role in Manitoba's ever-increasing development programs. New areas are opened to fishermen, hunters and family vacationers all the time, and M.T.A. enters the tourist accommodation picture right behind the bulldozers.

**W**INNIPEG is a city based on history—and evidences of that history, like nearby Lower Fort Garry, are still around. But in addition, Winnipeg is a thriving commercial centre and a tourist city with top recreation facilities. It is the shopping mecca of the north-west.

Four large and 75 smaller parks, squares and athletic fields dot the city with open spaces, lawns and trees. Hundreds of miles of the city's streets have been boulevarded and planted with trees.

Largest of Winnipeg's parks is Assiniboine Park, 300 acres straddling the Assiniboine River. The conservatory and palm house—the only one in Western Canada—is a favorite point of call for flower-lovers all year round. The zoo has both native and imported animals and birds—from lions to a band of buffalo.

Winnipeg is unusually well provided with golf courses. Two of these, Kildonan and Tuxedo Parks, are municipally operated and open to the public. Green fees are low.

Yard goods and beautiful English woollens—also reasonably priced—are other favorites with shoppers. The same goes for British leather goods. And as for "native" Canadian work, all types of Eskimo and Indian hand-made goods can be had.

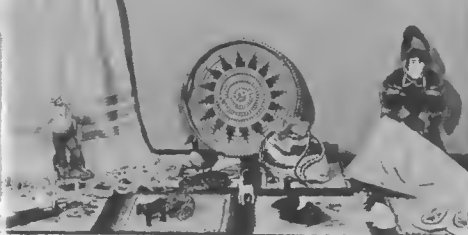

Famed throughout this country, the giant Canadian department store chain—the T. Eaton Company—has a large store in Winnipeg. Visitors will be amazed at the great, varied selection of attractively displayed merchandise available under its one big roof.

Within easy driving distance of Winnipeg are the many beautiful beach areas of Lake Winnipeg and Lake Manitoba such as Grand, Victoria and Winnipeg Beaches. The picturesque Icelandic-Canadian fishing settlement of Gimli is also located on the lake.

Many top-rated shooting areas are within easy access of Winnipeg. The Netley and Delta Marshes on the south end of Lake Winnipeg and Lake Manitoba have won highly-deserved international fame among sportsmen. Every fall, the colorful mallard and swift canvas-back gather on these waters in great numbers, affording the shooter maximum sport.

The Netley waterway also is a favorite summertime vacation spot for family pleasure with fishing, and loafing on sandy beaches, the main attractions.

# BRANDON

Heart of  
Manitoba's  
Trails

Between highways 10 and 75, in the south central part of the province, lies an appealing vacation area with Pelican Lake its center.

Biggest city of the southwest area is Brandon. Straddling two main highways, No. 1 and No. 10, the "Wheat City" is both the hub of the rich farmlands that surround it and the gateway to northern areas of forest and lake.

In downtown Brandon there are department stores and specialty shops, with imported china, woollens, linens, furs, blankets and a host of other items to catch the eye of the visitor.

It is home to the Western Canada Trade Fair and Provincial Exhibition held during the first week in July each year.

and scenic surroundings. Here vacationists may enjoy an atmosphere of the old west and the thrills of trail riding — or perhaps boat, swim and fish in

Clear Lake, on the shores of which stands the ranch.

Riding Mountain Park is easily accessible from the United States. Six main highways lead from the international boundary. Four converge on Brandon and two on Winnipeg. It is situated about 125 miles north of the International Boundary and 175 miles northwest of Winnipeg.

The park has a character unique for any location in a prairie province. It occupies a great plateau which rises sharply above the western plains—2,200 feet above sea level.

## *Northern Manitoba*

**M**ANITOBA'S northland has all the mystery, romance and rugged beauty of a land unspoiled by man and machine. It's an adventureland for the sportsman who wants to fish in virgin waters, hunt in silent forest or travel through uncharted country by canoe. It's all this and more—for on the southern fringes of this vast area man has added the comforts and convenience of modern civilization.

The Pas is the gateway to Northern Manitoba. It is the north's second largest centre, is the southern terminal of the Flin Flon-Sherridon-Lynn Lake railway and also the Hudson Bay railway

*(Summer) Winner of new auto, with prize lake trout—taken during Flin Flon Trout Festival.*

to the Port of Churchill. It's the site of the only bridge that crosses the mighty Saskatchewan River for 200 miles east or west and it's the centre for air transportation to all the more northerly points.

Most famed aspect of The Pas activities is the annual winter Trappers' Festival held each year in the last week in February, when the romance of the past comes to life in native contests of skill and endurance. The folklore of the Indians, their primitive pastimes, their methods of fishing and trapping; preparing and cooking food, are re-enacted before enthusiastic audiences, which annually include spectators and participants from many corners of the globe.

The World Championship Dog Derby, the snow shoe races, ice fishing, bannock baking and many other events provide a type of entertainment which marks the Trappers' Festival as the most unique winter carnival in the world.

The Pas area also offers fishing and hunting—big game as well as ducks and geese. 15 miles to the north-east is giant Clearwater Lake. Like its name, the water is so clear that a person can see the scrappy lake trout many feet down.

Travelling northward on No.  
10 highway the tourist next

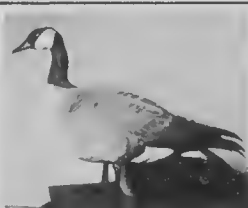

passes through Cranberry Portage, a delightful little town, the jumping off point to some of the finest freshwater fishing lakes in Canada. Located in this area are many camps well equipped to accommodate the sportsman and take him to where the big ones lurk.

Further on lies the mining town of Flin Flon, a city with a fabulous rate of growth. Little more than a quarter century ago, it was Nowhere. Some 600 road miles and 400 air miles northwest of Winnipeg, the youthful city straddles the provincial border between Manitoba and Saskatchewan. And it's the centre of an area filled with top tourist lures.

In the central part of Manitoba's northland, God's Lake and God's River have been heralded as top fishing spots in articles in leading United States magazines. King-sized northern, walleyes and lake trout join with the famed brookies to ensure a thrill-packed fishing vacation. Well established camps cater to the fisherman who wants a true taste of the north.

A few years ago these famous lakes and streams were known only to a small group of wealthy, adventure-seeking sportsmen.
